Neuroscience Program15

Dear Friends,

On behalf of the Providence St. Joseph Hospital Foundation Board of Directors and staff, we are delighted to welcome you to the 2025 Soirée. Tonight, we are especially honored to spotlight one of the most dynamic and rapidly advancing fields of medicine: the future of brain and spine care.

We are proud of the extraordinary care provided by our renowned team of neurologists, neurosurgeons and neuroscientists. These caregivers are leading the way in diagnosing, treating and healing the most complex neurological conditions. They are shaping what's next in brain tumor care, stroke recovery, spine surgery, movement disorders and much more.

To stay at the forefront of this rapidly advancing field, access to innovation is not optional; it's essential. Philanthropy is what ensures our community has access to the most sophisticated technologies, the most skilled care teams and the most personalized treatment plans available anywhere.

Tonight, as we celebrate together, we also commit ourselves to the future. To investing in bold new ideas. To building a destination for exceptional neurological care here in Orange County. And to ensuring every patient has access to the latest treatments offering the best possible outcomes.

Thank you for being here, for believing in what's possible, and for making Providence St. Joseph Hospital a place where lives are transformed every day.

With deep gratitude,

Alex Ramirez, M.D.

2025 SPIRIT OF ST. JOSEPH AWARD HONOREE: TANJA CEBULA

For more than two decades, Tanja Cebula has embodied the values of the Spirit of St. Joseph.

A member of the St. Joseph Hospital Foundation Board of Directors since 2001, Tanya has served as Board Chair and on several committees, including finance, stewardship and the Cancer Center Campaign Steering Committee, which surpassed its \$25 million goal. She's been a driving force behind signature events such as the Circles of Life Fashion Show, where she once served as chair and as a survivor/model, bringing passion and personal perspective to the cause.

Tanja and her husband John have been dedicated donors and volunteers since 2001. As members of the Sr. Frances Dunn Legacy Society and the Community Commitment Circle, they lead by example, inspiring others to invest in the hospital's Mission.

Tanja has focused on expanding the hospital's circle of supporters. She worked with hospital leadership to grow the Community Commitment Circle, encouraging fellow board members to invite friends and colleagues. She was the visionary behind the Physician Honoree Wall, now proudly displaying the names of 15 physicians whose legacies have been honored through gifts of \$100,000 or more.

Most recently, she stepped into a new role as the inaugural Chair of the Cancer Leadership Council, where she continues to strengthen advocacy and awareness for cancer programs.

In the words of her peers, Tanja is "a steadfast supporter" and "a protector, benefactor and patient advocate" whose commitment exemplifies the heart of St. Joseph's mission.

We are proud to honor Tanja Cebula with the 2025 Spirit of St. Joseph Award for her leadership, generosity and dedication.

2025 SPIRIT OF ST. JOSEPH AWARD HONOREE: BOB BALDWIN

With more than 20 years of devoted service, Bob Baldwin has become a trusted leader and advocate for Providence St. Joseph Hospital. His dedicated service and steady guidance have left an indelible mark on the Foundation and the broader hospital community.

Bob has served in nearly every leadership capacity imaginable: as a member and Chair of the Hospital Foundation Board of Directors, a member of the Hospital Community Ministry Board and a guiding voice on countless committees, including finance, board development, communications and multiple capital campaigns. Bob has been a loyal donor since 1999 and a proud member of both the Sr. Frances Dunn Legacy Society and the Community Commitment Circle.

He played a pivotal role in recruiting dynamic new board members, nurturing leadership potential and creating opportunities for deeper board engagement. Bob helped cultivate and develop relationships to grow our committees and was instrumental in recruiting committee members.

Peers describe Bob as a tireless advocate for St. Joseph Hospital. He is known for championing the message that our hospital is a community treasure, raising awareness of its extraordinary care and inspiring philanthropy at every level. He leads with professionalism and humility, and he is quick to recognize the contributions of others. As one colleague shared, “Bob does not seek recognition and is first to give it.”

Through his enduring generosity, thoughtful leadership and commitment to advancing the mission of St. Joseph Hospital, Bob Baldwin truly exemplifies the values and spirit of this ministry. It is with gratitude and admiration that we honor him with the 2025 Spirit of St. Joseph Award.

WE'RE DELIGHTED TO ANNOUNCE

Providence St. Joseph Hospital Foundation's First Endowed Chairs

Providence St. Joseph Hospital Foundation is proud to announce the establishment of our first-ever endowed chairs, a milestone that reflects the extraordinary generosity of our donors and the remarkable talent and dedication of our medical staff and caregivers.

The McCulloch Family Distinguished Endowed Chair in Comprehensive Cardiac Care held by Brian Kolski, M.D.

A transformative gift from Ben and Laurie McCulloch, made in gratitude for the care that gave Ben a second chance at life. Their estate gift will fuel cardiac research and expand access to leading-edge treatments and technologies.

The David A. Margileth, M.D., Endowed Chair in Breast Cancer held by Hang T. Dang, D.O.

Made possible by an anonymous donor, a two-time breast cancer survivor and longtime volunteer, who wished to honor her retired physician, Dr. Margileth. Her generous outright gift will ensure ongoing investment in breast cancer innovation and care.

These endowed chairs are a testament to the trust our community places in Providence St. Joseph and a tribute to the exceptional care our physicians and caregivers provide every day. Together, we are building a legacy of excellence in Orange County that will drive discovery, inspire innovation and bring healing for years to come.

EXCELLENCE IN NEUROSCIENCES

Providence St. Joseph Hospital is proud to be recognized by U.S. News & World Report as a High Performing Hospital in Stroke and Spinal Fusion for 2025–26, a reflection of the exceptional outcomes and compassionate, specialized care provided by our neuroscience team.

Our dedicated physicians and caregivers bring expertise across neurology, neurosurgery and stroke care, focusing on the prevention, diagnosis and treatment of conditions affecting the brain, spine, cerebrovascular system and peripheral nerves. Patients receive care that is not only advanced but also deeply personal, designed to restore health, function and quality of life.

This multidisciplinary team combines the latest research with innovative surgical and non-surgical techniques to address some of the most complex neurological conditions. From stroke recovery and spine surgery to the treatment of movement disorders, epilepsy and brain tumors, Providence St. Joseph Hospital provides comprehensive care close to home, supported by a culture of compassion and collaboration.

Our neuroscience program reflects more than clinical excellence; it represents our mission in action: knowing, caring for, and easing the way of every patient and family who entrusts us with their care.

SUPPORTING INNOVATION. ELEVATING CARE.

DE DOMINGO ELIAS & VU

A Professional Law Corporation

Domingo Elias & Vu has an excellent reputation as a premier Workers' Compensation defense law firm. Since the founding of the firm, the scope of our practice has continued to expand to meet the needs of our clients.

Today, we are also recognized for our work in Employment Law, General Liability, and Civil Litigation.

Our goal is to be counselors that each client can trust and depend upon. Providing quality service requires a substantial effort by all lawyers in the firm. Accordingly, our partners are actively involved in their clients' matters and do not merely manage the work of others. Their direct participation is the best guarantee that our work on every project will be at the level our clients have come to expect of us.
